The Next Monthly Board Meeting

The next Board Meeting will be Wednesday, April 5th, 7:30 - 9:00am at Pear Commercial Interiors, Park Central Building, 1515 Arapahoe, Suite 100, Tower 1. Chapter members are always welcome to attend.

Also, note that the Board Meetings will now be held on the first Wednesday of each month.

As you read this article, sitting at your desk, relax and take a deep breath before reading further. How do you feel? Statistics from the World Health Organization report that nearly two-thirds of all commercial buildings have what is now dubbed "sick building syndrome," an indoor air quality condition that perpetuates sickness of people within these structures. Ranked as the number one environmental health issue by the Environmental Protection Agency, indoor air quality is linked to more health problems than water pollution and solid waste disposal. Due to energy-saving insulation practices, our homes, office buildings and industrial facilities are capable of hosting air quality seventy to one hundred times worse than the outside air of the same location. The materials inside of buildings (such as cleaning chemicals, combustion appliances, building materials, fabrics and allergens) are trapped and re-circulated in the spaces we occupy. Indoor air quality is blamed for employee sickness, lost work days, and host of other symptoms including headaches, sinusitis, fatigue, memory loss, breathing problems, skin irritations, and dizziness.

How do you feel now? This month we will hear from Joseph D. Gifford of A.G. Wassenaar, Inc., a local commercial environmental firm, about the most common problems encountered and latest technologies available to help improve the air in your facility. He is a Certified Industrial Hygienist with over 15 years of occupational health, safety and environmental consulting experience. Joe will share with us the options available and how to evaluate the most effective and efficient solution for each of our unique situations.

Americans spend approximately ninety percent of their time indoors. For your own health as well as the health and well being of your tenants and co-workers, you need to attend this meeting. Wouldn't it be nice - when you lean back, stretch and take a deep breath at the end of your day - that you don't have to worry about what is in that breath that could be doing you more harm than good?

AUDIO/INTERNET SEMINAR - FREE - FREE - FREE!!

The Denver Chapter of IFMA is sponsoring **FREE** Audio/Internet Seminars each month and OfficeScapes has generously offered their conference room for these valuable sessions.

Topic: "Carpet Reclamation"

Review the facts and information on recycling carpet and gain a better understanding of the entire process. Explore the Antron® Reclamation Program™ that companies can incorporate when developing carpet recycling programs. Understand what information you need to make a case for developing recycling programs in your organization.

Speakers: Georgina Sikorski - INVISTA

Georgina Sikorski is the commercial marketing director for INVISTA Commercial Flooring, a leading manufacturer of nylon fiber for the carpet industry. In her current role, she is responsible for developing and implementing strategic marketing programs to grow the Antron® brand and commercial flooring business. Prior to this role, she was senior marketing director of DuPont Protein Technologies, a researcher, manufacturer and marketer of soy protein and soy fiber food ingredients. She led a team that launched the company's first consumer brand, Solae®, and created and executed innovative global marketing strategies and programs supporting the brand. Ms. Sikorski holds an MBA (MSIA) from Purdue University's Krannert School of Management, and a master's of science in biology from St. Louis University.

THE DENVER CHAPTER OF IFMA 2006 GOLF TOURNAMENT

As the Chairperson for the Denver IFMA Golf Tournament, I would like to extend to you a personal invitation to sponsor and participate in this year's magnificent event.

The tournament is at the gorgeous Fox Hollow at Lakewood Golf Course on Friday, June 23, 2006. Like past events, this one too, promises to be a success and a sell out. Over 144 professionals and associates play in the tournament annually.

The sponsorship opportunities provide each company an excellent occasion to show case their products and services. The registration Table allows for company signage, personal representation and an opportunity for handouts. The Tee Boxes and Contest Holes allow for personal interaction at the tee-box as each company has a personal representative, signage, and give-a-ways to greet each foursome.

There are sponsorship opportunities to sponsor the Breakfast or Lunch Buffet. These too offer excellent ways to be visual to all players and afford you the oppor-

tunity to play in the tournament or be somewhere else conducting business. Another way to sponsor and play is to sponsor either the Putting or Driving Range for the morning warm up session. Fantastic visibility as each player warms-up!

An affordable means of gaining outstanding company promotion is to offer an item for the Door Prize section of the lunch presentation. All promotional items are welcome. Bring a chair, hats, shirts, umbrellas, gift baskets, or other gifts.

Also consider being a player in this fun event. Make this a day for you and your clients or reward other members of your hard-work team. Fox Hollow is simply spectacular! It is isolated with very few homes on the course. Though it is a short drive from Denver and Boulder, it is secluded and very beautiful. It rivals any course we've played.

Register today and be a part of this Chapter's Fundraising effort! (See registration and sponsorship forms at the end of this Update).
