The Next Monthly Board Meeting

The next Board Meeting will be Wednesday, May 3rd, 7:30 - 9:00am at Pear Commercial Interiors, Park Central Building, 1515 Arapahoe, Suite 100, Tower 1. Chapter members are always welcome to attend.

Also, note that the Board Meetings will now be held on the first Wednesday of each month.

PROGRAM THE DENVER CHAPTER OF IFMA

Date: Tuesday, May 9, 2006
Time: 5:00pm - 6:30pm
What: Tour of Starz Entertainment Group Headquarters
Where: 8900 Liberty Circle, Englewood, CO 80112
Cost: No cost to Members; \$25 Non-Members

Directions: From I-25, take E470 east to the Peoria exit. (**PLEASE NOTE:** When you take E470 east, be aware that there is a \$.75 toll when you exit at Peoria.) Go north on Peoria and take the first left - Liberty Blvd. Take second left onto Liberty Circle. Park in the Visitor parking on the west side. Additional parking around the "ring road". Enter through main entrance on West side of building - the security will then direct you.

We press a button to begin capturing and translating electronic signals into sights and sounds from all over the world as well as from days long past. We call it television, and this month we will be touring the local facility of the nation's largest provider of premium movie services, Starz Entertainment.

Designed by Barber Architecture, Starz Entertainment Group Headquarters is part of the Liberty Media Campus. The 40-acre master plan was envisioned much like a college campus, with the most significant element being its informal park. The Starz Entertainment building's two five-story wings are united by a central glazed rotunda. Other amenities include a full service cafeteria with outdoor dining terrace, fitness center and indoor racquetball courts.

The most unique feature to this 300,000 square foot facility is its state-of-the-art multi-channel digital, 24-hour television playback and satellite uplink operation - all of Starz and Encore's movie channels are broadcast from this facility.

Running a high tech facility has its own unique challenges. Tens of millions of dollars of equipment serving over 30 million subscribers translates into a huge facility management responsibility. What might be a minor problem in most situations could be a catastrophe given the scope of the impact that they could cause here. Beautiful architecture and state of the art facilities are nice but we are going to get an inside glimpse of what it takes to keep over 30 million people happy every day. And you thought your job was high pressure!

You must pre-register for this event by going to the Denver Chapter of IFMA's web-site (www.ifmadenver.org), click on "5/9/06 - Member Meeting" under the Events. Registration deadline is Friday, May 5, 2006.

AUDIO/INTERNET SEMINAR FREE - FREE - FREE!!

Colorado Real Estate Journal

Date: Thursday, May 25th - 11:00am - 12:30pm
Topic: "Stating Your Case - FM and the Language of Business"

Learn how to discuss facilities and their impact in terms that business managers, leaders and decision makers can understand. Review how knowing what drives business change and growth, and understanding how facilities decisions affect progress toward business objectives can help present a clearer case.

Speaker: Tim Springer, Ph.D., HERO Inc.

Tim Springer has a doctorate in human factors and ergonomics, and more than 25 years consulting experience on workplace issues. He is a past chairperson and professor at the Michigan State University Department of Human Environment & Design, where he built and lead the graduate program in facilities design and management, which included the first Ph.D. in FM.

He is an accomplished author with 10 book chapters, 20 technical reports and more than 50 scholarly articles to his credit. Mr. Springer has also been interviewed for more than 75 major publications including The Wall Street Journal, Business Week, The Washington Post and US News & World Report.
