

▶ Bronze Sponsor \$1,000

▶ VALUE PROPOSITION

The award winning Denver Chapter of IFMA values your sponsorship support. Your sponsorship dollars play a significant role in helping us provide rich educational and networking events.

Denver is ranked among the top ten IFMA chapters in the world! Our vibrant chapter provides year-round professional growth and educational opportunities to more than 300 members. Our membership advances our work and profession, provides a networking forum, contributes to best business practices, and helps to make all of us better professionals.

Sponsorship dollars allow us to keep our membership dues low, making IFMA more affordable for our Professional Members. In order to continue to offer outstanding educational programs, enhance professional development, and support our chapter operations — we depend on the generous financial support of our sponsors.

Being a sponsor is just good business!
