Ready, Set, Facilithon!

The Denver Chapter of IFMA successfully ran their first Facilithon in Colorado at the annual SkillsUSA Colorado State Conference on April 18th. Denver Chapter of IFMA volunteers engaged high school students toward careers in facility management through the Facilithon, a 3-part competition in facility management. Over 1,000 students and advisors were introduced to facility management during the opening ceremonies, and 9 students participated in our inaugural event!

Colorado is one of four states that hosted Facilithon this year including Wisconsin, Virginia, and Florida. Combined, they were able to bring the message of FM to over 4,000 students, and a total of 94 students participated in the Facilithon contest.

Published by the FM Pipeline team, a grass-roots group of passionate IFMA volunteers and Fellows, the SkillsUSA Facilithon consists of a 50 question test, 10 minute role-play and 5 minute FM Challenge – an emergency scenario encouraging students to think on their feet in order to succeed. With 385,000 students in 2017, SkillsUSA is the nation's fastest growing Career Technical Student Organization. 71% of SkillsUSA students go to work in their primary competition and over 50% return home to do so, representing an amazingly focused local outcome.
